HYDE'S LAWYERS SHOW METHOD OF EXPERT WITNESS

Used Hot Water in Thawing
Out Corpse of Swope for
Autopsy.

Surgeon Says Swope Did Not
Die Natural Death.

EVERY EVIDENCE OF POISON.

Kansas City, May 2.—The defense in the trial of Dr. Hyde today regard Dr. Hektoen as a discredited witness. By his own books, read while on the stand, the scientist was shown to have acted contrary to the established rules in making autopsy on Swope's body. Hektoen's book "Legal Medicine" reads: "The German government forbids the use of hot water in thawing out frozen bodies for dissection, because it causes chemical changes." Walsh got the expert to admit that several kettles of hot water were poured into the abdominal and thorax cavities to thaw out Swope's body. During the cross-examination of Hektoen, the court announced that he would soon start holding night sessions.

Answering hypothetical questions relating to the deaths of Col. and Mrs. Swope, Dr. Ludwig Hektoen, the Chicago pathologist, said in the criminal court that in his opinion both men died from the effects of some convulsive and paralyzing poison. Cyanide of potassium, testified the scientist, was such a drug.

Nothing about the vital organs of either of the Swopes, upon each of whom Dr. Hektoen performed autopsies, suggested death had resulted from natural causes, said the expert. He was positive, he testified, that Col. Swope did not die from apoplexy, nor Chrisman Swope from meningitis. Dr. Hektoen made no chemical analysis in the course of his investigations and hence gave no direct testimony relating to the alleged finding of poison in the bodies.

Whether poison caused the deaths of Col. Thomas H. and Chrisman Swope may be determined by a commission of medical experts appointed by Judge Ralph S. Latshaw.

Strays.
Stock Policeman Lycurgus Rice figured out today that he arrested 76 dogs and 27 head of stray stock during April. Five of the canines were redeemed and one cow, unclaimed, was sold at public auction.

Fire Department.
April showers put an end to business for the fire department as during the month there were only four alarm, one of the tightest months in several years. The loss for the month does not amount to \$1,000.

GENERAL COUNCIL WILL CONVENE THIS EVENING.
The general council will meet in regular session tonight at 7:30 o'clock at the city hall. Mostly routine business will be transacted. The council will receive reports of the Riverside hospital board of directors on bids for the addition. The board will receive the reports from the street committee relative to the proposed sidewalk improvements, and receive the report of the joint finance and public improvement committees in accepting the new central fire station on Kentucky avenue.

Prize Fighter Buried.
San Francisco, May 2.—Tommy McCarthy, who was killed in a prize fight by Moran, was buried today in the Holy Cross cemetery.

GRANADA BONDSMAN IS AFTER RUNAWAY NEGRO

After learning that John Cook, colored, had skipped out after he had been so gracious as to go his bond T. O'Brien, a citizen of Granada, Mississippi, hurried to the governor of Mississippi and secured an appointment as a special officer of the law. In addition he was given requisition papers for Cook's return and started out in search of his prisoner. Cook was arrested at the coal chute of the Illinois Central railroad this morning by Patrolman R. C. Jones and locked up in the city jail. Mr. O'Brien, who arrived here yesterday, will return to Granada at 6:10 o'clock tonight. Cook was indicted at Granada for breaking into the railroad depot at Elliott, Miss., some distance out of Granada. He was released from jail on a bond furnished by Mr. O'Brien and then left. Cook and his half-brother is guilty of no breaking and not he. Mr. O'Brien, a former county court clerk at Granada.

Tennessee and Mississippi State Anti-Trust Laws Are Sustained by The United States Supreme Court

Standard Oil Company and
Lumber Combine Lose Suit
---Hughes Appointment Will
be Confirmed.

Washington, May 2.—The decision of the Tennessee supreme court against the Standard Oil company, of Kentucky, under the state anti-trust law, today was affirmed by the supreme court of the United States and the Tennessee anti-monopoly law was held constitutional.

Mississippi Law Upheld.
That the anti-trust law of Mississippi is constitutional was the decision today of the supreme court of the United States in affirming the decree of the Mississippi supreme court, that the Retail Lumber Dealers' association of Mississippi was a combination in restraint of trade.

National Bank Laws Hold.
In affirming the Citizens' National bank, of Boyle county, against the commonwealth of Kentucky, the supreme court upholds the law passed by the legislature of 1900, providing for the assessment and taxation of shares in national banks.

Hughes to Be Confirmed.
Washington, May 2.—The senate committee on judiciary decided today to recommend the confirmation of Governor Hughes' nomination for associate justice of the supreme court of the United States.

Irvin S. Cobb Here

Irvin S. Cobb, the well known humorist and newspaper writer, of the New York World staff, is in the city on a visit to his mother, Mrs. Manie S. Cobb, 727 Broadway. Mr. Cobb is on his way to Atlanta, and will go from there to Savannah to join Mrs. Cobb and Little Miss Elizabeth Cobb, who are visiting Mrs. Cobb's parents, and accompany them home. He will be in Paducah until Thursday.

Cairo, Ill., May 2.—The Mounds baseball team was defeated yesterday on their home grounds by a score of 7 to 1 by the Herrin team.

LORIMER BRIBERY CASE UNDER PROBE

CHICAGO GRAND JURY TAKES
UP THE INVESTIGATION
TODAY.

Chicago, May 2.—A special grand jury was officially instructed today to probe the charges of Representative C. A. White that he and others received a thousand dollars apiece to vote for Lorimer for senator. White is expected to face the grand jury late this afternoon. State Attorney Wayman announced this noon he would personally conduct the case. Lorimer announced today that he would remain here until Thursday anyway, to see what the charges amount to. Meanwhile Governor Deneen is keeping in close touch with developments, so that he can call a special session of the general assembly on short notice if necessary.

The Message From Capt. Thompson.
Police are of the opinion that a third party, believed to be concerned in the murder is responsible for the report received here that Luther (Red) Thompson, is alive and has left Dayton, Tenn., for Birmingham. Inquiry at Dayton, Tenn., as to who was sending telegrams to Paducah in the name of J. F. Thompson, captain of the steamer Luu Thompson, brought the following response from the Dayton office of the Western Union:

"The message from The Sun to Captain Thompson was delivered to the Dayton Coal and Iron company. They secured an answer from Thompson over their own phone. Thompson is on the river 3 miles from Dayton. This is the only way they could reach him."

Bureau of Mines.
The house bill for the creation of a bureau of mines in the interior department was passed by the senate today.

ALMOST AN ALIBI FOR SUSPECTS IN M'CRACKEN JAIL

Guire and Hale Were at Cumberland River Morning Body Was Found.

Sold Watch to Man and Bought Food.

THOMPSON MURDER MYSTERY.

More evidence to strengthen the alibi of Bert Guire and Albert Hale, prisoners in the county jail on the charge of murdering "Red" Thompson has been gathered by their attorney, David Browning. Yesterday Mr. Browning telephoned to W. F. Bennett, who resides at Cumberland river and he stated that he purchased a silver watch from two men for \$2 on the morning of April 19 about 10 o'clock. Bruce, a storekeeper at Cumberland River said he remembered two men purchasing cheese and crackers from him on that morning and eating it at the store before catching a freight train towards Paducah.

The murder was committed some time late the night of April 9, or early on the morning of April 10, and if the two men were at the Cumberland river at 7:30 that morning, it is a point in their favor.

After he had answered the question Mr. Bennett inquired the purpose and was told of the arrest of the men for the murder. He said that he would hold the watch, and he would have come to Paducah today in defense of the two men; were it not for the fact that he is a member of the Lyon county grand jury and it was impossible for him to leave.

"There is no doubt in my mind about the innocence of these two men," said Attorney Browning. "We have witnesses to prove that they left Martin, Tenn., about 5 o'clock Saturday afternoon, and the train reached Paducah between 10 and 11 o'clock that night. Between 11 o'clock that night and 5 o'clock the next morning Guire and Hale have no witnesses to corroborate their story that they remained in the car loaded with lumber, but the fact that they were at Cumberland River early the next morning should establish their innocence of the murder."

"I believe that Thompson is alive and that he will reach Birmingham this week. The fact that their stories have been proved correct should make their story of remaining in a railroad car from Saturday night until Sunday morning believable."

This morning Circuit Judge William M. Reed extended the time of the grand jury until Friday. If the jurors desire they may adjourn any day this week, and meet Friday for the purpose of making their report.

Mother Is Positive.
Verifying the report that Luther and "Red" Thompson is not alive Chief of Police Singery received a letter from Mrs. Lum Thompson of Birmingham, Ala., stating that she is still unchanged in her belief that the dead boy was her son. She stated that if her son is really alive, she will not believe it until she sees him and hears him recall occurrences that will prove him to be her son. She said no one claiming to be her son had put in appearance yet.

Kitty League is Now Certainty if Local Promoters Raise Necessary Amount to Handle Organization

May be Four or Six Team League, But Vincennes, Paducah, Hopewell and Clarksville Will Stay in.

Obstacles in the pathway of the reorganization of the Kitty baseball league were overcome yesterday at the meeting of the officers in Henderson, when it was decided that the organization should be permanent, despite the fact that some changes in the plans were necessary. Four cities, Paducah, Hopkinsville, Vincennes Ind., and Clarksville, Tenn., posted the preliminary guarantee of \$150 necessary to enter the league. Henderson promised to post the guarantee with the treasurer by Tuesday, while another city will be selected to take the place made vacant by the failure of Madisonville to post the forfeit.

About 25 of the 90 union carpenters in Paducah went to work this morning, while the others are out pending the signing of the new wage scale by the contractors. Both carpenters and contractors are standing firm, and both declare they are hopeful of an early settlement of the wage scale. No conference between the committees was held this morning.

HASKELL'S TRIAL FOR FRAUD BEGINS

GOVERNOR OF OKLAHOMA AND ASSOCIATES IN UNITED STATES COURT.

Tulsa, Okla., May 2.—The trial of Governor Haskell and others, charged with conspiracy to defraud the government, acting for Creek Indian nation, by alleged fraudulent scheduling of town lots in Muskogee, where noncitizens were first given property rights in the Creek nation townsites, began today in the criminal branch of the United States court, with Judge John A. Marshall presiding. Many attorneys and assistants District Attorney Gregg and a small army is representing Haskell. Five hundred witnesses are subpoenaed from all parts of the country. It is said Senator Bailey, of Texas, is allied with the defense and may actively participate. The maximum punishment possible is a year's imprisonment or \$5,000, or both.

The resolution call for the original letter, transmitting to Taft the attorney general's summary of the evidence in the Glavin charges against Ballinger, all the earlier drafts of it, all the memoranda used in the compilation, all the communications between the attorney general and all other officials of the government relative to the summary, a list of those assisting in the preparation and a statement of the work done by each. In preparing the resolution, Harrison had the assistance of Representative Graham, of Illinois, a member of the Ballinger investigating committee.

ELKS AND HOOKS PLAY BASEBALL

SCORE OF FIVE TO TWO FOR FIRST GAME.

Secret Order Boys Win Hotly Contested Game at Wallace Park.

BATTLE BETWEEN PITCHERS.

In almost mid-season form the Elks and B. B. Hooks baseball teams met on the diamond yesterday afternoon for the first time this season. It was a rattling good game and when the dust had cleared away the Elks were victors by the score of 5 to 2. Up to the last it was either team's game, although in the closing innings the Elks held the winging cards, but the Hooks showed their ability by getting the lead.

To that slender pitcher, McChesney, the Elks owe much for their victory, although he was backed up with good fielding for an early game. He appeared almost invincible when the Hooks needed a run. At the start of the game two runs were scored, but he became better in the contest and stopped the run getting by splendid twirling. Hart, also, was flinging in good style with his left arm. He appeared to have the Elks puzzled in the first few innings. The hits of the Elks came at opportune times usually with men on bases as a result of free passes. Both teams are stronger this season than last year, and will be in the running for the amateur championship of the city.

In the second inning the Hooks started the scoring. Harper hit safe, stole second, and scoring on an overthrow by Robertson of a ball hit by Gallagher. In the fourth Cox hit to Robertson who failed to get his hands on it in time. Cox stole second, reached third on an out, and counted on a hit by Malone. In the last of the fourth the Elks tied the score. Lloyd walked and Robertson reached first sack and Lloyd second on a ball hit to third. Reed followed with a mighty three base drive to left-center and the score was tied.

In the fifth round the Elks took the lead. Lloyd again walked. Williams lined out a beauty to center, stole second and Lloyd tallied on the throw. The lead was increased and the scoring ended in the sixth inning. Ripley hit hard to center field while Sutton bunted and made it safe. Ripley stole third and on a mix of Cox, scored, while Sutton counted also.

Pickups.

Next Sunday the Elks will line up against the crack Mounds team at Mounds, Ill. The team will arrange a number of games during the season. Practice will be held and more teamwork developed.

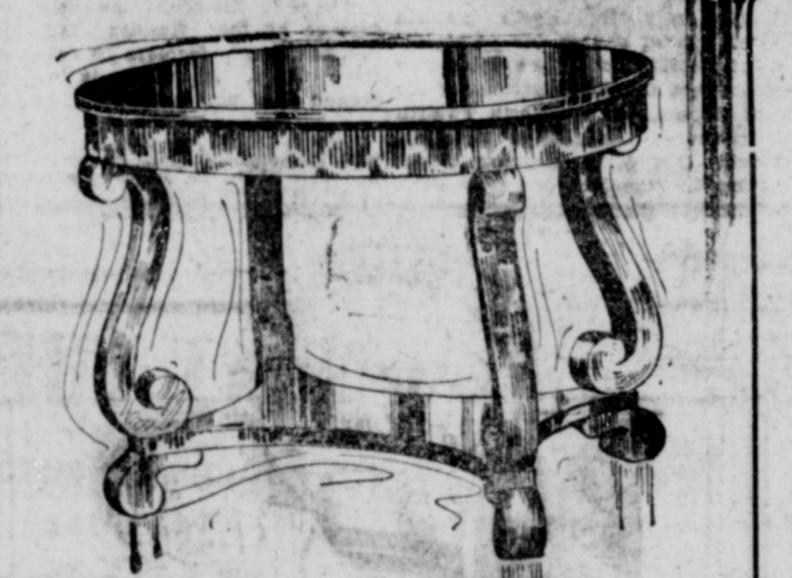

The Hooks have a good team, but need more acquaintance with each other.

Over 200 people saw the game yesterday and were greatly pleased with the spirit. Had the Kitty been playing a packed grandstand would have seen the game.

Beautiful Quarter-Sawed Oak Library Table \$18.00

This is a beautiful Library Table—cut shows it exactly—a solid-oak, quarter-sawed table-top 28x42 inches in size—a "perfect colonial"

in design—contains good sized drawers—beautiful polished finish.

A thoroughly well made article—and a value that demands your careful consideration.

The One Price to All Store

The Storeat Which You Can Purchase With Absolute Confidence

We believe in serving others as we would ourselves be served, and to make this store the dependable store.

It is the store where values reign supreme, where for every dollar you spend, you receive one hundred cents' worth of real, true value.

Where all goods are marked at their correct, just selling prices, where but one price to you, to all, is known.

Careful, attentive, painstaking salespeople are here to serve you.

The Rhodes-Burford store is the dependable housefurnishing store of Paducah—and will serve you well if you but give the opportunity.

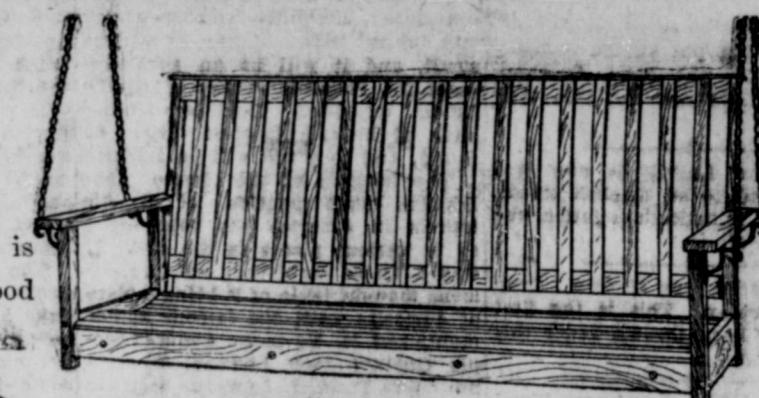

CREDIT AT RHODES-BURFORD'S

There should be no hesitancy on your part to request the opening of a Charge Account at Rhodes-Burford's.

To ask for Credit is no disgrace. Your money may be so invested to splendid advantage, and the withdrawal of it means considerable loss to you—or you may have immediate use for it elsewhere.

The Rhodes-Burford store is only too glad to extend you ample Credit accommodation—and all whom it would aid need have no hesitancy in asking for it.

Here's a Splendid Porch Swing for \$5.25

Complete with chain; is an extra good value; it is well made of solid oak; very nicely finished, and a good comfortable pattern.

Your Health is Worth Lots to You, Isn't It?

Upon the air you breathe, the water you drink, and more particularly the food you eat, the condition of your health depends.

You wouldn't think of preparing meals in and with dishes that had not been washed, would you? No more should you think of baking them in an oven that had not been washed—and yet thousands of people do.

"But how can I wash the oven of a Gas Range?" you say.

Let your choice be a "Buck's" White Enamel Lined Gas Range, and you can.

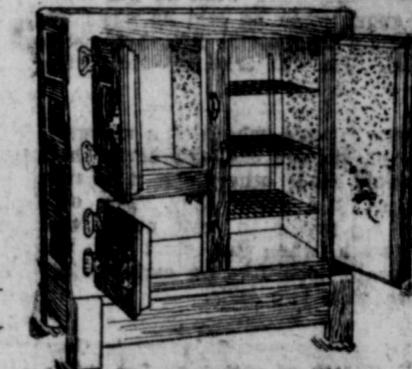

Take the linings, which are easily removed, out and wash and scour them as you would a dish, for they are white enameled. You can always have a clean, sanitary oven in a "Buck's."

And the oven will not rust out because the linings are cast iron and covered with glass enamel.

Be sure then to make a "Buck's" White Enamelled Gas Range your choice—it is a matter that concerns your health.

Mr. and Mrs. Gus Rogers and Miss May Belle Lyon, of Eddyville, chaperoned a party of young people on the steamer Nashville. The boat arrived yesterday afternoon and returned to Cumberland river last night.

DUDLEY SINKS

STEAMER STRIKES LEAK WHILE IN CUMBERLAND.

Captain and Crew Have Narrow Escape From Drowning Friday.

News of the sinking of the steamer

Bob Dudley at Nashville Friday night at 7 o'clock was brought here today by the crew of the J. B. Richardson, which arrived today from that city.

The Dudley may be a total loss.

The cause of the disaster is un-

known. Half an hour previous to her sinking her watchman was in her hold and there was no water indicating a leak. About 7 o'clock the Dudley was seen to tilt upstream and turn completely over on her starboard side. All her crew and Capt. George Doubleday had narrow escapes from being drowned. Mate Jolly Hard escaped drowning by a half a breadth and all were fortunate in coming out alive. The Dudley was valued at \$15,000 and plied the Cumberland above Nashville. She is the property of the Ryman Steamboat line.

It is said that no insurance other than fire insurance was carried on her by her owners. Efforts are being made to right the steamer although she is still in the same position. The rising river threatens her.

Daily Thought.
No path can be worthy for me

We will not be satisfied until the

We fear that Miss Ruth is just a wee
bit sentimental.

Some friends, who kept a nocturnal
vigil, declare Halley's comet has
a double head; others vow it resembles
a little early riser. For our part, we
prefer to wait until the

anticipate, look like an early spring
radiant with two tails.

It is possible that James A. Gar-
field, former secretary of the interior,
will be the Republican nominee
for Governor of Ohio. They'd better
nominate him. It will require
more than a politician, who has

fulness, to beat Harmon.

A "ROUGHNECK" SENATOR.

The Chicago Tribune produces a
plausible explanation of those Dem-
ocrats of the state legislature, who
announced that they were too broad
to be foolishly partisan, and then
voted for Lorimer, for United States
senator. It publishes the confession
of Representative White, a Demo-
crat, who said he received from the
Democratic boss \$1,000 for voting
for Lorimer and \$900 of the boodle
pool contributed by corporations in-
terested in legislation at Springfield.
He produces a telegram, inviting
him to St. Louis, and names other
Democratic legislators, who admit
being there at the time and place.
The widow of one of them acknowl-
edges that her husband received a
sum of money on that occasion.

Lorimer sprung no surprise when
he denounced White as a corruption-
ist and a man, whose word is worth
nothing. If White had not been a
boodler and a bribe taker, of course,
he would not have done what he ad-
mits doing; but what he says seems
amply substantiated by circumstan-
tial evidence.

Lorimer is an original "rough-
neck" from the packing house dis-
trict of Chicago, who beat his way
to the top by the superiority of mus-
cle and brains. He served the in-
terests he represented well and faithfully
in congress, establishing a rep-
utation for consistency and incidentally
amassing considerable wealth.
Senator Hopkins, of not better moral
fiber than Lorimer, but of finer
grain, was nominated for senator by
the Illinois Republicans at the state
primary, and the Republicans elected
a majority of the general assembly;
but they didn't stand by Hopkins.
There was a deadlock until
Democrats deserted their
party candidate for Lorimer. Natural-
ly, charges of bribery were heard on all sides. The Lorimer faction
and Democratic coalition fought De-
nied throughout the session. The
respectable papers of the state op-
posed Lorimer, and the stanch at-
tending his election stuck to the new
senator's toga. He was not well re-
ceived by his colleague at Wash-
ington, and never admitted into full
fellowship with old Senator Shelby
Cullum. They seem only too glad
at Washington of a chance to investi-
gate Lorimer.

In the meantime the election in
the congressional district, when
Lorimer was chosen, was carried

LOCAL HISTORIC SITES.

ONE STORY HOUSE WITH TWO STORY PORCH MADE FAMOUS BY DICKENS—SOUTHWEST CORNER OF FOURTH AND JEFFERSON STREETS.

RESIDENCE OF CAPTAIN JACK LAWSON, WHO CRAN FIRST STEAM LOCOMOTIVE IN AMERICA—NORTHEAST CORNER OF SEVENTH STREET AND BROADWAY.

FIRST SUBMARINE CABLE LAID BY CAPTAIN JACK SLEETH—ACROSS OHIO RIVER BETWEEN PADUCAH AND BROOKPORT.

PRISON OF GENERAL LLOYD THIGHMAN—FRAME BUILDING AT 419 BROADWAY.

FORT PADUCAH—SITE OF RIVERSIDE HOSPITAL.

READING OF PROCLAMATION TO THE SOUTH BY GENERAL GRANT—FIRST STREET AND BROADWAY.

GRAVE OF CHIEF PADUKE FOR WHOM CITY WAS NAMED—SITE OF LACK SINGLETREE COMPANY.

COLONEL THOMPSON KILLED DURING BATTLE—TRIMBLE STREET BETWEEN FIFTH AND SIXTH STREETS.

These sites have been selected by the members of the park commission as the proper ones to be marked with slabs so that they may not be lost to future generations, and it may be easy for sightseers to find the sites of historic interest. It is planned to do the work this summer, and neat tablets placed at angle on low posts similar to the ones in United States cemeteries will be used.

If there are any other sites of historic interest in the city worthy of being marked, the locations of the sites and a brief story of the history should be sent to Dr. D. G. Murray, president of the board of park commissioners. The board has spent considerable time in securing the accurate locations of the historic sites as the stories handed down by tradition usually are misleading.

The plan of marked sites was first considered last year and it sprang into instant favor. The cost will be small, and it will be an advertisement for Paducah worthy of all the funds expended. Doubtless other sites of historic interest will be found, and they too will be marked.

The location of the house that Dickens made mention of in his travels in America has been given as various places in the city. It was a frame structure, and the citizens thought little of it being a place of curiosity until the famous author mentioned it. To many hundred people Captain Jack Lawson, who removed his experiences at the throttle of the first locomotive in the world. It was a small affair in comparison with the "hogs" of today. Captain Lawson ran the locomotive in the east.

Sections of the first submarine cable are prized. It is said that Cyrus Field, standing at First street and Broadway, who received the credit for the first ocean cable, wrote to Captain Sleeth about the success he had with the

on regardless of public opinion. Altogether, Lorimer, not only lacks the spirit of patriotism which citizens desire in their representatives; and the spirit of party loyalty, which the politician admires, but that delicate regard for the proprieties, cultivated and esteemed by the gentlemen of the upper branch of the national congress.

It has been freely published that

Lorimer's election to the senate cost

\$200,000. We glibly talk about the

purchaseable seats in the United

States senate; but even the senate

possesses a sense of honor that is offend by coarse methods of de-

bashery. Senator Clark, of Mont-
ana, got out just in time to avoid

being put out. In the '70's Cal-
well, of Kansas, showed discretion

in resigning his seat. Mississippi

has a bribery investigation on hand

that may reach the senate. That

Illinois is to wash her dirty linen

is due to the active agency of the daily

press. If Colorado had a free

press, Senator Guggenheim, who tac-
itly admitted that he paid for his

seat, would be in a like predicament.

No one doubts the truth of the

charges in Illinois, and the work of

the present Chicago prosecuting of-

ficers affords ground for hope of

thoroughness and relentless prosecu-

tion.

Unless the owner makes himself

or herself known, the goat will be

arraigned in police court tomorrow

isn't wrong in his prediction he will

hold a Chantecler sale soon.

"Hitting the bumps" isn't as easy as it seems, according to Harry Allsup, Jr., 16 years old, the self-confessed prodigal son of Harry Allsup, of Chicago. After getting too strong a touch of the country, Harry concluded that there was no place like Chicago and called upon Chief of Police Henry Singery at the city hall at 7 o'clock this morning. A telegram was sent to the boy's father asking for a ticket and he will return home even if he has to fact the slipper.

AT THE CHURCHES

Kentucky Avenue Presbyterian

"Christian Success and Failures"

was the subject of a strong sermon

yesterday morning at the Kentucky

Avenue Presbyterian church by Mr.

Pearson Lockwood. Inner perfec-

tion, he said, always makes itself

known through outward consecration.

In the church, he explained, there

are many people who may be called

Christian successes and yet tomorrow

may be classed as failures. In illus-

tration of this point he said the sun

was the great center of the universe

and around it moved the many plan-

ets each with its orbit, and usually

at a uniform fixed distance. True

Christians he compared with these as

moving around Christ as the center

of life, and always consistent and to

be depended upon. Many people in

the church he compared to Halley's

comet, which wanders out in space

and only at intervals nears the sun.

This, he said, is a fit illustration of

many people, who identify them-

selves with Christ and then wander

away, probably to return in many

years.

In the evening the pastor, Rev.

E. B. Landis, filled the pulpit, preach-

ing an able sermon.

The Revival.

The revival meeting at the Foun-

tain Avenue church continues to

grow in interest from service to ser-

vice. Rev. Thogmorton is a peerless

preacher and is having a large hear-

ing. It is still true that Kentuckians

are fond of genuine oratory. Large

crowds attended both services yes-

terday and much good was accom-

plished. This bids fair to be a better

ALABAMA PROHIBITION FIGHT AT PRIMARY TODAY.

Montgomery, Ala., May 2.—When these lines are in print the fight for the Democratic endorsement for state offices in Alabama will be practically over. Col. Emmett O'Neal, of Florence, leads the forces that were aligned against the late lamented prohibition amendment proposal, while Col. H. S. D. Mallory, of Selma, whether he will or no, is put in the attitude of supporting the dead issue. The feeling is general along this line, and it seems that in spite of all that any one can do the next legislature will have more prohibition legislation than it ever had to dispose of. Minor issues are given little attention.

Missionaries Meet.

Chicago, May 2.—Three meetings of national and international importance in religious affairs will be opened in Chicago this week. Coming from all corners of the continent, 4,500 delegates will open the Men's National Missionary congress Tuesday for a four day's session. On Friday the Northern Baptists will begin a seven days' convention, in connection with which the Woman's American Baptist Home Mission Society will hold its annual meeting. The Men's Missionary congress will mark the close of the campaign conducted by the layman's missionary

movement, which has held conventions in seventy cities since Oct. 16 last, when the first convention was held in Buffalo. The object of the campaign is the evangelization of the world in this generation, and more than 77,000 business men have registered as delegates to these meetings.

In the meetings here all the Protestant churches of America will be represented. Ambassador James Bryce of England will be one of the speakers.

The running tongue throws many a one back in the race.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

LAYMEN FIGURE IN THE SERVICE

BROADWAY METHODIST CROWDED LAST NIGHT.

Mr. W. J. Hills Speaks to Business Men—Dr. Byron W. King.

MEN'S CLASS IS ORGANIZED.

Laymen figured largely in the services of the First Presbyterian and Broadway Methodist churches yesterday, and last night the Bible classes of both churches attended Broadway and heard Mr. W. J. Hills talk on the business man and his Bible, and the Bible reading by Dr. Byron W. King.

More than 100 attended the Bible class at Broadway, and the new class at the First Presbyterian was organized with sixteen members. Mr. Henry Hughes was elected president. George B. Hart, vice president, J. K. Ferguson, secretary, and W. A. Lawrence, treasurer. Last night the class mustered 20 members and proceeded to Broadway church in a body with Dr. H. W. Burwell.

Dr. Sullivan presided at the evening service at Broadway, and Dr. Burwell offered the invocation. The male quartet, composed of Mr. Slavie Mall, Mr. Frank Burns, Mr. Emmet Bagby and Mr. Robert Scott assisted the regular church choir.

Mr. Hills' speech was short and to the point. He demonstrated by apt illustrations that the Bible is the key to all real success in business life. He made the point that the employer who consults his Bible, will impress the employees with the value of it, and through business associations will spread the gospel of righteousness, justice and brotherly love. He said fifteen minutes a day with his Bible will transform a grasping, selfish business man into a public benefactor.

Mr. Byron King has a national reputation. He is head of the School of Expression at Pittsburgh, and apparently knows the more familiar portions of the Bible, at least, by heart. His reading of the twenty-third psalm and other popular extracts from the scriptures gave a new appreciation of their beauty and significance to his audience. Incidents of new testament, too, he read with marvellous effectiveness, explaining their truths, by reproducing the scene before the mental eye, and making the application to modern conditions.

Dr. King will lecture Wednesday night at Broadway church under the auspices of the Woman's societies of that church. The church was crowded last night.

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabattus, Maine—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your H. W. MITCHELL, Box 3, Sabattus, Me.

Another Woman Helped.

Graniteville, Vt.—"I was passing through Granville, Vt., and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

River and Weather.

Gauge at 7 a. m. read 16.5 feet, indicating a rise of two-tenths of a foot since Sunday. The river was on a stand yesterday. Weather clear and warm and business good.

Notes and Personalities.

The U. S. lighthouse tender Gold-enrod arrived from Cincinnati at 3 o'clock yesterday afternoon and left last night for the Tennessee to tend lights. She will be up that stream for about five days and then return to Cincinnati.

There were 15 cloudy and rainy days in April and the rest clear.

Snow fell nearly two days on the 23 and 24th. The river fell 24 days, rose for 4 days and was on a stand 2 days. Total precipitation for April was 6.90 inches.

Word has been received here of the serious condition of Captain Tun Lovell, at Goodlettsville, Tenn. He recently was stricken with paralysis and his many rivermen friends regret to hear of his condition.

The towboat Egan left this afternoon for the mines at Caseyville for a tow of coal for the West Kentucky Coal company.

The towboat Mary Anderson left Memphis yesterday with a tow of empties for Paducah.

Saturday afternoon the towboat Condor was dropped off the marine ways here and is lying here waiting for new cylinders to be installed. She had extensive repair work done and will return to Joppa, Ill.

The towboat Reaper is due from the south Wednesday with empties.

The towboat Henrietta arrived today from the Cumberland with a tow of ties and went to Cairo. She will return in a few days.

The John S. Hopkins and John L. Lowry will be the Evansville packets tomorrow.

The Chattanooga arrived early this morning from Evansville with a big trip of miscellaneous freight and went to Joppa to discharge some of it. She will return and leave at 4 o'clock this afternoon for Chattanooga, Tenn. She will be accompanied as far as the Tennessee shoals by the James N. Trigg, which will assist her if necessary in getting over. The Trigg will return here and leave Wednesday afternoon for Chattanooga. Hereafter there will be a boat for Chattanooga every Wednesday.

Capt. D. W. Martin, mate on the J. B. Richardson, is at his post again after a brief illness.

Emmett Graves, clerk on the Clyde, who stopped over here this trip will go out with the Clyde Wednesday. She is due out of the Tennessee tonight and leaves Wednesday evening at 6 o'clock for a return trip.

About 300 excursionists made the trip to Joppa and return on the Dick Fowler yesterday. She left here at 2:15 p. m., and returned about 6 o'clock. She left on time for Cairo this morning with a good trip and is due back at 9 o'clock tonight.

The Nashville will be in port tomorrow from Nashville, Tenn.

A large number of motor boats were out on the river yesterday.

The J. B. Richardson arrived from Nashville at 5 o'clock this morning with a good trip and left at noon today for Clarksville. She will return Wednesday morning and leave at noon that day for a return trip to Nashville.

A better stage is looked for by rivermen here and their hopes are being renewed by the rising river.

SCHOOL TEACHERS ELECT TUESDAY

PROVIDED COMMITTEE MEETS IN MEANTIME.

It is Probable That Most of Present Corps Will Be Retained By Trustees.

INCREASES IN THE SALARIES.

Public school teachers will be elected tomorrow night at the monthly meeting of the school board, provided the committee on teachers and salaries meets to adopt its report before the board meeting. Practically all the present corps of teachers have signified their intention of standing for re-election for next year, and only a few changes are expected.

All the principals elected at the last meeting have accepted their positions, including the new ones, Alfred Crabbe, of Bowling Green, and Orlando Hinton, of Bowling Green, both having notified Superintendent Carnagey of their acceptance. Professor Crabbe is editor of "The Elevator," which is issued by the students at the Western State Normal school.

In the High school faculty there will be two vacancies to fill, Mrs. M. E. Ligon and Miss Olive Rusler not desiring to be re-elected. Prof. Hugh Craig, teacher of science and athletics director, will remain next year.

The teachers next year will receive an increase of about five per cent on their salary. The board has \$2,540 to increase the salary of the teaching corps, and it is expected the committee will adopt the plan of increasing the salaries. Superintendent J. A. Carnagey said he was pleased at the large number of teachers who will remain, as it will insure increasingly good work next year. Among the applicants for positions to fill vacancies are several teachers, who have taught in the schools before. The desire of the school trustees to increase the salaries of the teachers has served the purpose of enabling the schools to retain the best teachers.

Al the teachers and the students

who visited Cairo Friday, are pleased with the treatment extended to them by the citizens of Cairo. Although the debate was lost, Paducah takes the defeat with good grace, and expects to even up matters next year.

Dr. King Speaks.

Dr. Byron W. King, president of the Pittsburgh School of Expression, addressed the students of the High school this morning at opening exercises. He talked on "The Art of Expression," and was one of the most entertaining speakers that has addressed the students in a long time.

Dr. King will deliver a number of addresses in western Kentucky, and will speak at the Broadway Methodist church next Wednesday night.

The towboat Egan left this afternoon for the mines at Caseyville for a tow of coal for the West Kentucky Coal company.

The towboat Mary Anderson left Memphis yesterday with a tow of empties for Paducah.

Saturday afternoon the towboat Condor was dropped off the marine ways here and is lying here waiting for new cylinders to be installed. She had extensive repair work done and will return to Joppa, Ill.

Irvin Candle Is Fined Two and Costs in Police Court Today By Judge.

For discharging a pistol in the city limits Irvin Candle, colored, was fined \$2 in police court this morning on motion of the prosecuting attorney. While Patrolmen Kirk and Mitchell were patrolling their beat at midnight Saturday they heard a pistol shot and followed. When they reached a house on the alley running from Boyd street between Eighth and Ninth streets, a negro darted for the door. The police grabbed him and as they did he threw something inside the door. Mr. Mitchell went inside and found a 38-calibre Smith & Wesson pistol lying on the floor. Other cases this morning were:

Breach of ordinance, Aggie Perry, colored, dismissed. Breach of peace, Rube Smallmann fined \$20 on one count and dismissed on a second one. Petit larceny, "Texas," continued until tomorrow.

Vagrancy, James Woolens and Sam Farmer, fined \$10 each and judged.

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK: ROCHester, N. Y.
COUNTY OF MONROE} ss: Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of very long dark brown hair which was the envy of my schoolmates and whores. One day I was in a barbershop and there began to turn gray. I was induced by the young girls to use a certain hair tonic called Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it grew back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl sixteen years ago. Now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

SERMON IN BEHALF OF BOYS.

A sermon which should have been heard by the thousands of young men of Paducah, was delivered at the First Christian church last evening by the pastor, Rev. W. A. Fite. His text was from the First Epistle of John 2:14: "I have written to you, fathers, because ye have known him that is from the beginning. I have written unto you, young men, because ye are strong, and the word of God abideth in you, and ye have overcome the wicked one."

Dr. Fite began by saying the young men are the backbone of the nation and their glory is in their strength. The young man of Galilee was the greatest in the world. He was Christ and his work was done while he was young. The greatest book, he said, was about a young man; the Bible, the life of Christ. Stephen and Saul of Tarsus were both young men and young men occupy a conspicuous place in history. As illustrations he recalled Michael Angelo, William Cullen Bryant, Alexander the Great, Napoleon Bonaparte, Milton, Keats and other familiar characters in history.

Dr. Fite said this is an age when the young men are longing to the front. They are the Gladstones of government and the Blackstones of the bar; they are the soldiers of our nation. You will find them in every sphere of endeavor. Boy babies are more active than girl babies. He said boys became restless in the schoolroom and generally at the age of 15 or 16 years they have a desire to quit school, which is a very grievous mistake. He said that when the schools of the country put more emphasis on the activities, then the boys will remain in school.

The young men are the very Atalases of the world. A man is naturally equipped to bear the burdens of life more than a woman and he should not be content with supporting himself, but from four of five others, who may be dependent upon young man. If he has no energy in the young man and what to do with it is a problem that presents itself. They are like a rushing river and you can't make an old man out of a young man. Dr. Fite said he believes that parents do not, as a rule, understand their boys. He said that if a boy is repressed an explosion will follow. If the young man is repressed he will expand to his normal condition again after this has been removed.

The Alternative.

Dr. Fite pointed out two ways in which the young man can expend his energy. First in service and second in sin. The young man has an immense amount of vitality and he will use it in one way or the other. The Devil, he said, has several ways for the young man to expend his energy. With this remark Dr. Fite recalled the recent murder of "Red" Thompson, as a warning to the evil world. Some outlet for the young man's energy must be found. The young man is not to be prostituted but rendered praiseworthy. His energy should not be expended in riotous living, but in religion.

As an excellent illustration Dr. Fite compared the young man with a steam engine. If the engine has no steam it is useless. If it has plenty of steam and is controlled by the engineer with his hand on the throttle it is indispensable, but if it is allowed to dash madly away it will wreck itself, its train and possibly other trains. Thus, with the young man. It he has no energy and is "dead" he is of no account. If he has plenty of energy with his hand on the throttle of his will, he is of valuable service, but if he does not control himself he will be wrecked and lost, carrying others with him.

Why?

Dr. Fite said there are between 5,000 and 7,000 young men in Paducah, and the fact that all do not attend church is no sign that they are against the church. Why don't they come? It is because they want to avoid hypocrisy. Dr. Fite told his audience that the churches of the city are open only for a short time one day in the week and their doors are closed every day. The young men labor all day, but when through their work are practically as fresh as when they started in the morning. Therefore they must have some place to expend their energy and naturally they go to places of recreation, for the social instinct predominates in their lives. He told the congrega-

that the idea of building a Y. M. C. A. here is not feasible at the present time and there has been some talk of arranging the churches into places of recreation during the week days, where the young men may congregate in social life. He said the churches of the country are begin-

ning to recognize the social and physical sides of the young men, as well as their religious side.

In conclusion Dr. Fite said that Jesus was the young man's best example. He said Christ expended his energies in service and came to teach the young men how to live.

A fairly large congregation was present last night, but very few young men were present. Special music was rendered by Mrs. W. C. Gray and the choir. Yesterday morning Dr. Fite preached on "Paul's Greatest Desire" to a large congregation. The attendance at Sunday

school was large.
